COMPANY OVERVIEW

COMPANY OVERVIEW

KIY Trucking is a proudly South African transport and logistics company dedicated to delivering efficient, secure, and cost-effective freight solutions. With a reliable fleet, professional drivers, and a strong commitment to customer satisfaction, we serve businesses of all sizes, locally and across Southern Africa.

Our core services range from local point-to-point deliveries to cross-border transport, bonded cargo removal, warehousing, and clearing services. By combining modern fleet management, advanced tracking technologies, and a highly experienced team, we ensure every consignment arrives safely, on time, and in compliance with industry regulations.

OUR VISION

To be the preferred logistics partner in Southern Africa by providing reliable, efficient, and safe transport solutions that empower businesses to grow and compete in the global market.

OUR COMPANY MISSION

We are committed to service excellence by offering dependable and cost-effective transport solutions that put client satisfaction first. Through professionalism, innovation, and strict safety standards, we aim to give our clients a competitive edge.

CORE VALUE

- **Reliability** – We deliver what we promise, every time.
- **Integrity** – We conduct business with transparency and honesty.
- **Safety** – Protecting people, cargo, and assets is our top priority.
- **Customer Focus** – We put clients at the center of every solution.
- **Innovation** – We use technology and smart logistics practices to improve efficiency.

SERVICES WE OFFER

SERVICES WE OFFER

1. Local Transportation

Point-to-point fast and reliable express delivery services across South Africa. We support industries including retail, manufacturing, construction, and mining with dependable daily and scheduled deliveries.

2. Cross-Border Transportation

We provide efficient international transport services to neighboring countries such as Botswana, Mozambique, Zimbabwe, Zambia, and beyond. Our cross-border operations are designed to minimize delays and ensure compliance with customs and regional transport laws.

3. Licensed Bond Remover

We are a licensed bond remover, authorized to transport goods under bond with full compliance to customs regulations. This allows us to move bonded cargo seamlessly across borders.

4. Clearing & Forwarding

Through our trusted network of clearing and forwarding partners, we help clients manage the complexities of customs documentation, clearance processes, and forwarding needs.

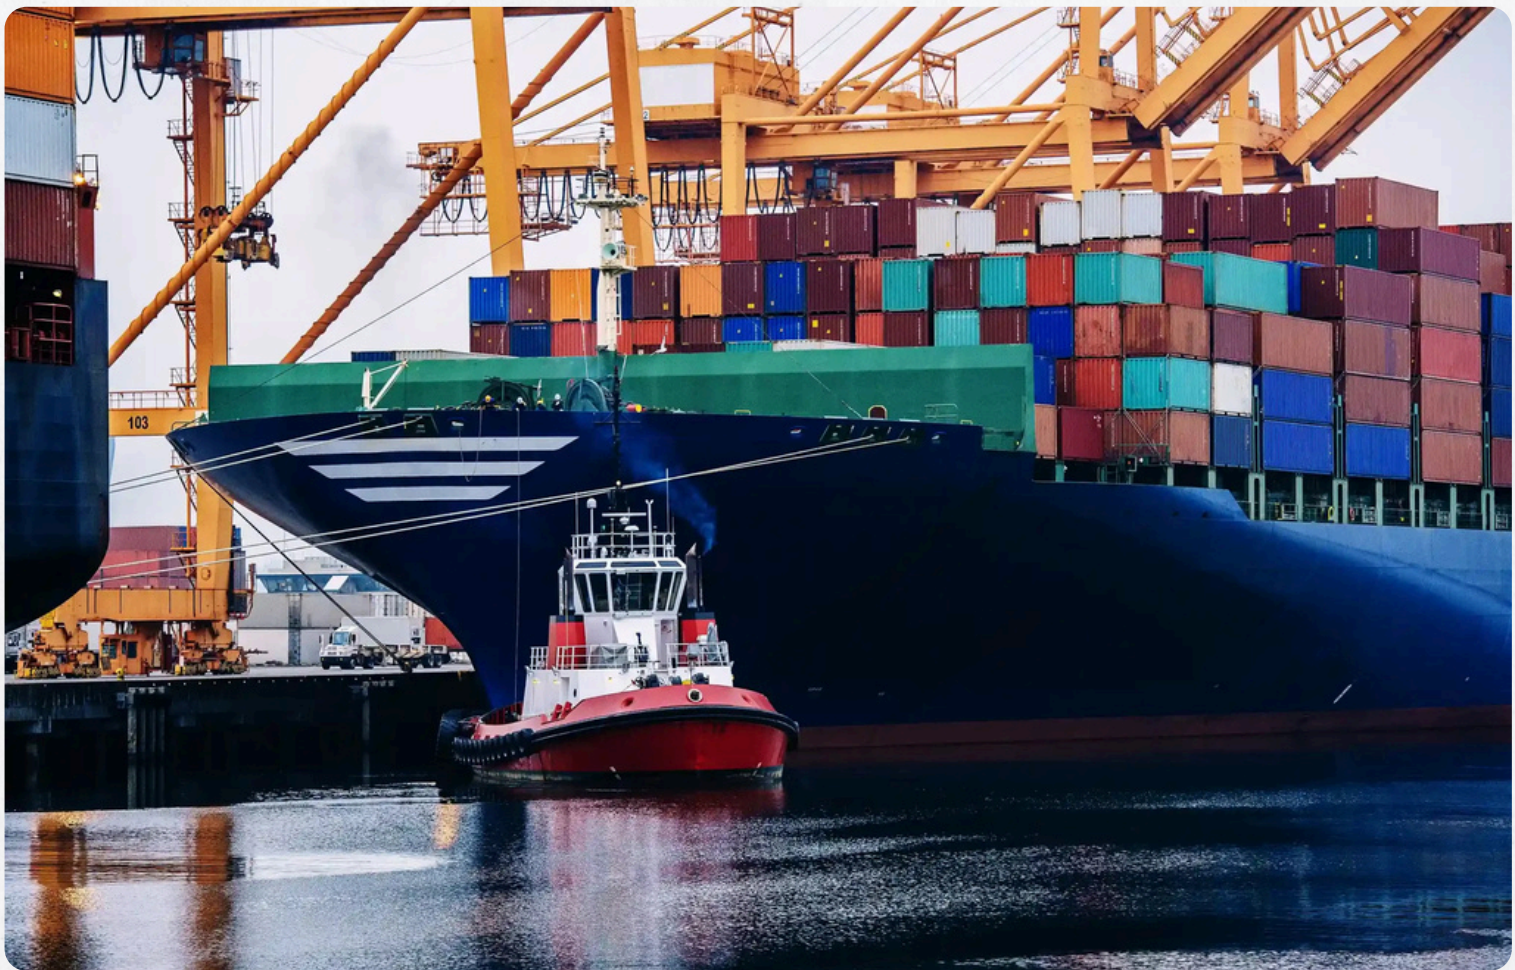

5. Warehousing Solutions

We offer secure storage through trusted warehousing partners. This enables businesses to store goods safely until they are ready for distribution or further transport.

6. Cargo Security & Insurance

- All vehicles and trailers are fitted with real-time GPS tracking systems.
- Armed escorts are available for high-value and high-risk cargo.
- Comprehensive fleet insurance and Goods-In-Transit (GIT) cover of up to R2,500,000 ensures peace of mind for our clients.

TECHNOLOGY & INNOVATION

TECHNOLOGY & INNOVATION

At KIY Trucking, we embrace technology to drive efficiency and reliability:

- **Advanced Fleet Management Systems** – Monitor fleet performance, reduce downtime, and optimize delivery schedules.
- **GPS Tracking** – Every truck and trailer is tracked to provide real-time visibility of your cargo.
- **Automated Communication** – 24/7 communication lines between clients, drivers, and operations teams.
- **Smart Routing** – Optimized routes to save fuel, reduce delays, and cut emissions.

SAFETY & COMPLIANCE

A horizontal bar with a blue segment on the left and a red segment on the right.

- Well-maintained fleet, inspected regularly.
- Trained, licensed, and experienced drivers.
- Compliance with customs regulations for bonded and cross-border cargo.
- Full adherence to road transport laws in South Africa and the SADC region.

OUR COMPETITIVE EDGE

24/7 Customer Support

- Always available for scheduling, queries, and emergencies.

Extensive Regional Network

- Covering both domestic and international markets.

End-to-End Solutions

- From warehousing to clearing and final delivery.

High Security

- GPS, escorts, and comprehensive insurance.

Customer-Centric Approach

- Flexible solutions tailored to unique client needs.

Our strength lies in our people. The Kiy Trucking team consists of highly skilled drivers, logistics coordinators, operations managers, and customer service specialists—all dedicated to delivering professional service and ensuring client satisfaction.

Sustainability Commitment

**We recognize the importance of operating responsibly.
Kiy Trucking is committed to:**

- Reducing fuel consumption through smart routing and vehicle maintenance.
- Exploring greener fleet technologies for the future.
- Partnering with like-minded businesses that value sustainable logistics.
